Welcome to HYOGO WORLD YOUTH

Hyogo World Youth, founded in 1968, is a private-sector non-profit making organisation for international friendship based in Kobe City, Hyogo Prefecture.

We have organised and successfully performed a number of grassroots events over the years in co-ordination with governmental bodies and local cities

At early stages when a trip abroad was not as common as it is now, our main activities were international visit exchanges. We used to receive visits of various groups mainly from European and Asian countries; students, school teachers, musicians, athletes, youth leaders, etc.

Currently, we focus on exchange programmes with overseas students in Kobe as you could see in the following pages.

Our surroundings in the world have always changed globally and bilaterally. However, in any situation, the person-to-person friendship is the essential factor for the mutual understanding and for the world peace in consequence.

We are determined to keep on our mission in future. Join us, accompany your friends, and expand your experience in Japan. Tell your followers in your neighbours, when you go back home, that Hyogo World Youth is always here to welcome you in Kobe.

HYOGO WORLD YOUTH

Our Regular Activities

◆ Hyogo International Forum

A discussion session has been held since 2015 for understanding various cultures in the world. Come and introduce your country, people, custom, etc. Discussion is carried out in Japanese language.

◆ Hiking on Mt. Rokko

Kobe is blessed with both mountains and the sea. Let's go up to the 932 meter-high mountain with us. You could see the panorama view of Kobe Port, enjoy outdoor luncheon, and breathe fresh air of Mt. Rokko.

◆ Cooking World Dishes

Eating is always a fun. When we cook and eat together, it's more fun. Show your cooking skill and demonstrate your country's native dishes.

◆ Bon Odori (local folk dance event)

We participate in a local folk dance event in summer. Enjoy the cheerful atmosphere of local community. The neighbourhood residents, from little kids to senior citizens, will lead you to the dancing circle.
